

Dafnia in Qatar

Due to the growing activity in infrastructure and real estate development, Qatar is poised to be the most attractive location for companies catering to the Real Estate related sectors. The **Dafnia Group** has entered into this arena with **DAFNIA TECHNOLOGIES WLL**, an entity which will cater to the Telecom and IT requirements in the principals of the Group.

DAFNIA TECHNOLOGIES WLL, Doha, Qatar, is ably handled by *Mrs. Caroline D'Almeida*, who has been deputed from the Dubai office, to handle this responsibility. We will be providing complete solutions from material supply to turnkey projects to our customers in Qatar.

Our existing clientele will get the added benefit of getting the materials with the shortest delay as we will be maintaining a stock of many of our fast moving materials. We also bring to the customers in Qatar our vast experience in design and installation. Our well-known customer support will ensure that our Qatar customers will experience firsthand the service which has made us a leading organization in our sector.
